

A box plot comparing the number of visits to the doctor for two groups: 'No visit' (grey) and 'Visit' (red). The y-axis represents the number of visits, ranging from 0 to 10. The 'No visit' group has a median of approximately 1.5, with a box from 0.5 to 2.5 and whiskers from 0 to 3. The 'Visit' group has a median of approximately 2.5, with a box from 0 to 3 and whiskers from 0 to 4. The 'Visit' group shows a much wider range of values, with several outliers up to 10 visits.

A horizontal number line with tick marks at 0, $\frac{1}{2}$, and 1. The segment from 0 to $\frac{1}{2}$ is shaded light blue, and the segment from $\frac{1}{2}$ to 1 is shaded light red.
